EXPERIENCE

Sanam Designs Wallah Pvt Ltd, Guwahati, Assam — UI/UX & Full-stack Developer Intern

AUGUST 2025 - NOVEMBER 2025

Built 5+ websites using React, TypeScript, Supabase and Framer — driving 110% growth in engagement and conversions through UX research and design systems.

NIC, MeitY, Assam — Student Intern

JUNE 2025 - JULY 2025

Built a CRUD Employee DBMS using PHP and MySQL, covering database design, REST API logic and backend operations for a government digital infrastructure internship.

IITG Technology Incubation Centre, Guwahati, Assam — Student Intern & Volunteer

MARCH 2025 - MAY 2025

Led coordination for 2 major programs, improving event efficiency and audience reach through communications and multi-channel content.

EDUCATION

Royal Global University, Guwahati, Assam — B. Tech. C.S.E.

AUGUST 2024 - AUGUST 2028

PROJECTS

[Crewspace](#) — Autonomous AI Agents Workforce & Extension

Built an AI-powered Chrome extension using Chrome Manifest V3, automating 20+ browser workflows via prompt-based DOM control, backed by a Next.js + Supabase web platform deployed on Vercel for auth and API key management — reducing manual effort by 85%.

[Intellaris Studio](#) — Production-ready SaaS Modules Platform

Built a modular SaaS web platform for startups using Svelte and Supabase, implementing responsive UI components and performance-optimized frontend architecture, boosting client conversions by 40%.

[Itsjeu.com](#) — Personal Portfolio & Design Showcase

Designed and developed a personal portfolio with GSAP animations and contact form receiving & sending emails via Resend — built with Next.js and SCSS.
